

## SCHOOL TAX LEVY 16 MILLS; INCREASE OF THREE MILLS.

Special Levy of Five Mills Passed by School Board for the New High School Building.

### PLEAS FOR LIBRARY UNHEEDED

Old Sum of \$2,100 in Estimate for Expenditures This Year—Contracts for Completion of New High School to Be Let.

The school tax in Connellsville on the duplicate of 1910-11 will be 16 mills, three mills higher than it was last year. A per capita tax of \$1.00 on each male citizen, in lieu of an occupation tax, will also have to be paid. The increased millage was agreed upon at a special meeting of the School Board last evening following a detailed statement of the school district's finances by Chairman John A. Armstrong. All members of the Board were present. Fifteen directors voted for the resolution setting a total of 16 mills. Six Directors did not vote. The question of the legality of the Board's permanent organization was brought up at the opening of the meeting by Director C. H. Baisley. Attorney Ross Matthews made a statement before the Board upholding the organization as it stands and no legal authority was quoted against his opinion by any of the protesting members. As a matter of fact while some members questioned the legality of the organization by inquiring for authority on it and quoting anonymous advice they had received that the organization was not legal they made no formal protest. Besides setting the millage, options held by the Fayette Lumber Company and Baker Smith & Company for completion of the new Fourth Ward High School building were accepted.

In answer to the inquiry from Director Baisley Attorney Matthews at the opening of the meeting stated that the authority for organizing the School Board as it was by quoting from an act of Assembly of 1895 which authorizes any member of a School Board to qualify another and further states that the Secretary shall qualify the President and the President shall in turn qualify the other members of the Board. Attorney Matthews said that in his opinion that the Board is legally organized. Intermittently the question came up during the meeting, chiefly after Director R. O. Thomas came in late, when Attorney Matthews repeated his opinion. If the insurgent members have any authority showing that the present organization of the Board is illegal they did not present it last night and a large majority of the Directors accepted the opinion of the attorneys that the Board is legally constituted and proceeded to transact business accordingly. Director Baisley stated that his refusal to vote for the millage and letting of the High School contracts was not because he was against them, but as a protest against the method of organizing the board.

Chairman Armstrong reported for the Finance Committee. He said the committee estimated that it would cost \$51,700 to run the schools the coming year, not including \$210,000 appropriated to the library. The salaries, including additional teachers in the High School, will take \$30,000, supplies \$5,000, light and water \$1,000, janitors \$1,500, repairs \$2,000, furniture \$500, incidentals \$1,100. Chairman Armstrong said that a levy of 9 mills would net \$29,400, after commissions and expenditures were deducted. The appropriations from the State will aggregate about \$10,700. Unpaid taxes after deductions of \$7,800 for debts now unpaid, are taken out will give about \$5,000. This will give \$61,900, \$200 in excess of the estimated expenses of the schools for the year 1910-11.

Out of the Sinking Fund there must be paid the interest on the bonded debt together with \$1,000 of the South Side bonds on December 1, 1910, and \$1,000 on the Second Ward bonds. A two mill levy was suggested for the Sinking Fund.

The estimated cost of the new High School is about \$100,000. The two percent bond will allow the Board to incur indebtedness amounting to \$38,278. There is a present indebtedness of about \$61,000 in bonds, oil and now. This will permit the Board to issue bonds for about \$31,000. The original contract for the new school building is \$79,900. The building contract is \$2,100. The architect's commission will be about \$2,500. This makes a total of \$74,500. Furniture and extras are not included in this, which will run the cost up to between \$71,000 and \$75,000. A levy of five mills as a special High School building tax on the present duplicate about \$2,500, which with the bond issue will give the Board over \$55,000 available for the entire cost of the new building.

Chairman Armstrong explained that the increase of three mills would only

There Was Not Sufficient Evidence to Warrant First Degree Verdict in Murder Case—Squabble Over Suit Case of Clothing Heard.

Special to The Courier.  
UNIONTOWN, June 11.—Grant Coleman, the negro murderer of William Messner, a white man was sentenced 20 years to the penitentiary by Judge Umbel this morning following a verdict of second degree murder which was decided upon by counsel for the prosecution and defense. The jury was satisfied and returned a verdict in accordance with the suggestion of the court. The defense did not submit any evidence. After the Commonwealth rested Attorney W. C. Crow addressed the court to effect that the elements of first degree murder were lacking in the testimony of the prosecution although a serious case was made against the defendant. District Attorney Henderson admitted that the Commonwealth had not proven a first degree case. Senator Crow suggested that if the conversation between Coleman and Messner was known a different light might be shed on the case.

Following the return of the verdict Judge Umbel, in giving Coleman the limit of 20 years for his crime said that if the conversation between the two men were known, Coleman might have been freed, but this is doubtful. He said Coleman is fortunate in many respects regarding the outcome of the trial, but deserves sympathy.

This case disposed of Judge Umbel's court then took up the trial of J. P. Richter, charged with desertion and non-support by his wife, Sophia Richter. His wife about three miles from Connellsville. The only feature of this case was the testimony of James Renner, a boarder, who said Richter neglected his wife all right, but suggested at him regarding the non-support charge. Renner stated that there was a good supply of canned goods, potatoes and other foodstuffs about the house. Mrs. Richter left home because, as she said, her husband did not provide for her. Richter was convicted of desertion and non-support but not of assault and battery. Before Judge Van Swearingen 12th Rogers, while, was placed on trial for adultery, while Charles Castard, an negro, was tried at the same time for his alleged improper relations with the woman. Chief of Police Henry C. Harper of Brownsville appeared in the role of prosecutor. The negro said he employed the woman as a housekeeper but the prosecution contended they lived together as married under the common law. Mrs. Rogers is appealing for a divorce from her husband.

### THE CELEBRATION PLANS PROGRESS.

Dunbar Committee Had a Busy Time Considering Things Last Night.

### THE BANDS DECIDED UPON

Italian Organization of Connellsville and Kettering's Drum Corps From Greensburg to Come and Possibly Others.

The Fourth of July Celebration Committee held a busy session in Dunbar last night at the Dunbar House. Committee reports were all encouraging and prospects grow brighter every day for the biggest celebration Dunbar has ever known. The affair this year will compare favorably with any celebration of the kind ever held in the county. To make all roads lead to Dunbar on the Fourth is the aim of the committee. The Sports Committee an important part of the organization, has everything lined up except the base ball team. A strong line will represent Dunbar but the opposing team has not yet been selected. Teams wishing a game for that afternoon should communicate with Antonio Bufano or Charles Ritchey. It has been suggested that a picked team from the H. C. Frick Coke Company's mine play at Dunbar that day. The suggestion was favorably received, and if the teams of Monarch, Davidson and Leisenring will get together and choose a strong team the arrangements can be made. The Band Committee submitted reports from the various musical organizations in this section and practically decided upon engaging the Italian band of Connellsville and Kettering's Drum Corps from Greensburg. Another band or two may be engaged later. The colored Masons and Odd Fellows will participate in the parade and have agreed to bring their band from Scotland to make music.

The committee extends a cordial invitation for all organizations to fall in line for the parade. Any order that can participate will be assigned their position in line by applying to Grand Marshal D. C. Polz or Secretary A. B. Hammon.

The committee on speakers will have several prominent men on hand to deliver the addresses of the day. The committee has been handicapped to some extent because the matter was not taken up early enough but good speaking is promised. Neither Judge Umbel or Judge Van Swearingen will participate in the parade. The committee is corresponding with several prominent men and acceptances are looked for at any time. The Parade Committee is getting things in shape rapidly. The merchants of town will participate and a number of them are already arranging to have special floats in time. The Dunbar Fire Company will be expected to have its mules in line, together with elaborate floats. The other in dustries of Dunbar are to be represented. The various lodges expect to participate. The fireworks Committee is preparing an elaborate display for the night of the Fourth. Great care will be observed in the selection of the pyrotechnics in order that the best display possible can be secured. The place for firing off the display was not selected, but one of the high hills surrounding the town will be selected, probably along the street car line. The report of the Finance Committee was the most encouraging of all. Only three of the nine committees have reported but more than \$200 has been subscribed on those lists. The affair will be a costly one for these interested and not sparing any expense to make it a success. Money is not being wasted, however. Chairman Antonio Bufano of the Sports Committee is working out the details of the big Marathon race from Dunbar to Connellsville. Already Paulino of Crabtree Krauss of Erie Ford, Francis of Thompson and other runners of county fame have signified their intention of entering the contest. Entrants can apply to Mr. Bufano at the Dunbar House. The committee will meet again at the call of the President.

But Yesterday and Sunday It Did Not Rain a Bit.  
Yesterday duplicated Sunday's record in the absence of rain but showers fell this morning just as a ramble at that summer is only on the road and not quite here yet. The temperature is rapidly attaining a higher average and the weather grows less and less like last winter. The crops still need more sunshine before they will mature properly. The temperature this morning was 62. Yesterday morning it was 59 and 69 last evening. The river fell over night from 450 to 418.

### Sunday School Convention Opens at Uniontown

Delegations from all over Fayette county are attending the annual Fayette county Sunday school convention which convened this morning at 9:30 o'clock in the Central Presbyterian Church, Uniontown. A large number of Sunday school workers from Connellsville are in attendance. Tomorrow a large delegation from here will attend the morning, afternoon and evening sessions. A feature of the convention tomorrow evening will be the street parade which will take place at 7:30 o'clock. The music committee of the convention will have the Hippodrome band under the leadership of Professor Charles Price to lead the parade. Four delegations from the various sections of the county will be accompanied by brass bands and it is believed that at least ten bands will be in the procession. It is expected that there will be between 4,000 and 4,500 persons in attendance both. Among the speakers from Connellsville are Rev. C. M. Watson, E. B. Martin and Rev. B. F. White.

### MACHINERY IS ARRIVING NOW

Some of it Has Been Put in Place and Adjusted—Concrete Work is Extensive and About 100 Men Are Working Steadily.

The wheels of industry are turning at South Connellsville these days, particularly at the plant of Ripley & Company who are to make Connellsville famous for its glass products as well as its coke, safes, iron, tin plate and divers other products. Ripley & Company are not making glass as yet but they are getting ready to begin operations with an energy that betokens an early start. In all about one hundred men are employed about the plant. Some of them are excavating for the two big pits that are to be built at the northern end of the property. Along the west side and facing the railroad tracks, a stone retaining wall is going up under the concerted efforts of a big squad of masons. The ground taken out for the pits is being filled here. An immense amount of concrete work is being done and a steam concrete mixer is kept in constant operation during the day. One of the big sheet iron buildings has been raised several feet and placed on a concrete foundation. The framework of another has also been placed. Of course all of the machinery has not arrived but new parts arrive every day and are rapidly assembled. The Connellsville Iron Works yesterday delivered the stack which is to be erected and work on this will so forward immediately. The stack was delayed for three weeks. There was also a delay in the delivery of the congealed iron work used on the roof and for spouting. The tough Plumbing Company, which has this contract, is just getting it under way. Work is being rushed on this. The interior hot and cold blast have been repaired, as well as the fan and casing which drive it. The hot weather has been a handicap to the men doing outside work but with a letup of the rain the air will literally dry.

TREBLE DAMAGES  
IN COAL MINING.

The Pennsylvania law governing damages for willful mining of coal upon another's property, and for negligently permitting mine drainage to flood adjacent mines, provide that treble damages shall be awarded. The policy of the law is to discourage all such acts, but it is difficult to understand why one unlawful act should be punished more severely than another. The encroachment of a coal operator upon neighboring coal property is seldom willful. It is usually due to carelessness or error on the part of employees, and unless it is clearly shown that it was deliberately done with the full knowledge, consent and direction of the mine owner, he should not be required to pay a greater sum than the real value of the coal taken. The drainage question should be determined upon the same lines. No mine operator should be assumed to be a thief or a vicious person because his workings happen to pass his boundary line, or his drainage happens to burst through into an adjoining mine. Under the rules of law and equity he should be considered innocent until he is proven guilty. Even then it is doubtful whether he should be mulcted in treble damages. Other forms of encroachment on private rights equally willful and deliberate are assessed at actual damages. The law should not discriminate. In all cases, if they are assessed with due regard to actual values and the impairment of the remaining property.

HOPEFUL BERRY  
AND THE HOOK.

William Hopeful Berry announces to the Democratic hosts at Allentown that he is the only Democrat in Pennsylvania who can be elected Governor, and that therefore he is the one and only person whom the Democrats should nominate to head the ticket. This declaration, if true, is a sad commentary upon the Democratic party of Pennsylvania, but it is suspected that it is merely the supreme arrogance of an accidental office-holder inflated with the delusion that he is a greater man than his party. The cheery gentleman from Chester should have been more harmonizing in his ambitions and more helpful to party unity. The Pennsylvania Democracy does not want any cheap imitations of Berry. Hopeful Berry is due to get the hook.

The Queen of Holland is a stockholder in an American coal company. The Dutch are credited with knowing a good investment when they see it. However, Queen Wilhelmina would never have gone so far South had she stopped to take a look at Greens county.

The Pennsylvania Democrats are first in the race and as usual will be last in the race.

Aviation is growing in volume and extent.

The Czar refuses to permit Oscar Hammerstein to visit Russia. Nicholas must have gotten a wrong impression about Oscar. Whatever may have been said about the latter, he has never been accused of handling him attractions.

There are some things which even a degenerate and demoralized Democrat won't stand for. The reform Democrats have turned down Colonel Berry's Local Option platform.

Connellsville is getting good again.

These are busy days for our friends, Colonel James Madison Coffey and Colonel Warren North Bailey. Colonel Bailey is doing the writing and Colonel Coffey the working.

Congressman Dulwell, so far from objecting to the counting again of the primary vote of certain districts, wants it all counted. He does not want a nomination tainted with the suspicion of fraud.

On and after June 1, the White House choir will sing "Congress has gone to the country, hooray."

The railroads sometimes carry passengers who are dead-heads in every possible sense.

The Iowa Senators are still inaugurating at Washington. Perhaps they have not heard the returns from the late primary.

Mothers are sacrificing themselves for their children every day, but in the same manner as the Littleton mother.

## FINGER CUT OFF BY LAWN MOWER.

Little Scottdale Girl Victim  
of Peculiar Accident  
While Playing.

### CUTTER'S SMOOTH AMPUTATION

Marry Webb injured on the Railroad.  
Miss Christine Miller the Singer at  
Commencement Tonight a Former  
Scottdale Girl—Other Notes.

Special to The Courier.  
SCOTTDALE, June 11.—By a peculiar accident last evening Ruth the two-year-old daughter of Mr. and Mrs. H. Clinton Porter of Mulberry and Spring streets had the end of the finger of her left hand cut off. A number of children were playing about a lawn mower in the front yard and in some manner the child's hand was caught in the cutter. The finger was clipped off back of the first joint. It is a wonder that all the fingers of the hand or possibly the entire hand was not severed. Dr. A. W. and J. P. Strickler attended the little victim of the accident.

The Singles Won.  
In the royal baseball game between the Married and Single men of the Frick offices here, played at Louisa Park yesterday evening the Single men put it over the eye of the Benedicts, the score being reported as 7 to 9 in favor of the single harness players.

Young Men Injured.  
Harry Webb, a P. R. R. railroad employe and a son of Drakeman James Webb, a well known railroad man of Everson, slipped in getting on a freight train at Everson last evening and had one foot crushed. He was brought to Scottsdale where Dr. S. B. Gray was summoned and accompanied the injured man to the Cottage State hospital at Conneville.

A Local Singer.  
Miss Christine Miller, perhaps the most famous contralto singer in America today, who sings at the Peterson Business College Commencement at the Gaynor opera house this evening, is a Scottsdale girl. She lived here a number of years ago and has many friends who will be present to hear this notable vocalist. Dr. S. B. Winkler, the Kentucky orator, is another strong attraction which President P. O. Peterson has secured for this evening.

Had a Sock Shower.  
Roadmaster O. A. Rittenhouse of the Whites district of East Huntington township, was tendered a "sock shower" at his home near the White school house on Saturday evening. This unique party was arranged by a number of Mr. Rittenhouse's friends and neighbors, who preceded by Mr. and Mrs. John Loucks managed to keep their victim from a trip to town and worked the surprise on the unsuspecting man. A large number of pairs of socks were brought in and bestowed and a great deal of fun. A beautiful luncheon was a feature of the evening's entertainment.

For Old Home Week.  
Banners were strung across Pittsburg street yesterday advertising the

## Shall we Rejoice

Gladdness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Sonax. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

Old Home Week at Mt. Pleasant during the week of July Fourth and no one will be permitted to forget this occasion. There will be no celebration in Scottsdale this year, so everyone will be free to attend the doings in the sister town.

Visited Here.  
Mr. and Mrs. John A. D. Taylor of Heshbon, Indiana county, spent a few days visiting the latter's daughter, Mrs. J. T. Strickler of Arthur avenue, and returned home yesterday.

Attending the Convention.  
Mr. and Mrs. A. D. Taylor are visiting the latter's daughter, Mrs. J. T. Strickler of Arthur avenue, and attending the Sunday school convention. Among others from here who will be at the convention are Jacob Koster and George Quest, while from Morgan Station will be Miss Mollie Gheke, Miss Maud Orbin and Andrew Thomas.

Making Improvements.  
Arthur Wilson, who owns a handsome home west of the White school house, is adding some improvements this year, among the chiefest of which is the building of a large stable on the rear of his acreage.

Store Was Robbed.  
J. M. Keenell's store at Pittsburg and Hickory streets was entered through the cellar on Saturday night and a small amount of goods stolen. Marks on the front door showed that the thieves tried to get in their, but later went to the rear. N. M. Keenell's store was also nearly entered, the thieves working at the front door but not getting in.

### ITCHING ECZEMA WASHED AWAY

It is worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your drug-gist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. Laboratories of Chicago, we are able to make a special offer of a 25 cent bottle of their oil of wintergreen compound, known as D. D. Prescription. Call, or write or telephone to F. C. Moore, druggist, Water street, Conneville, Pa.

We absolutely know that the itch is stopped at once by D. D. Prescription, and the cures all seem so permanent.

## Hippodrome's Bill This Week is Great One

Unreasonable weather has kept thousands of people away from the Hippodrome in Uniontown during the past two weeks, but everybody who braved the elements and paid it a visit has never ceased talking about it and of the more than marvelous shows which were seen there. Undaunted by the frowning skies, the management of the big place is offering another stupendous show for this week, shows being given every evening.

The Four Marvellous Londons in their sensational aerial casting net perform upon horizontal bars, show a triumph display of graceful gymnastics. There is the act that gets away entirely from the old style but performances. They begin with a swing over the bars from the feet in which an athlete hanging by his knees throws a fellow athlete in a half circle over the top of the bars across the intervening space to the hands of another athlete; a passing somersault in which two performers are thrown simultaneously from the hands of their fellows and execute a somersault as they pass through space, being caught by the hands on each side by the two suspended athletes. Other feats just as difficult are executed every minute this act is performing.

Winston's Performing Sea Lions, with Frisco, the only seal in the world riding horseback, are the most remarkable amphibious beasts in the world, walking the tight rope, juggling and playing various instruments. The La Bella Troupe of tight wire equilibrist and acrobats, consisting of two dashing girls and two skillful men, have a wonderful act. Spectacular teddy bears and brain acrobats, De Renzo and LaDue, the comical horizontal bar acrobats, Jerome and Jerome, the frog man, and other acts so to make up an all star performance. The famous Hippodrome concert band gives an hour's concert program before each show.

## Class Day at the Mt. Pleasant Institute Monday

Special to The Courier.  
MT. PLEASANT, June 14.—The Institute chapel was crowded to the doors with a large and representative audience last evening to witness the Class Day exercises which were splendidly given. The feature of the evening was the class play, a two act comedy entitled "A Box of Monkeys." The play was well given and the frequent outbursts of enthusiasm shows that it was appreciated. The cast of characters were: Edward Ralston, a promising young American, half owner of the Sierra gold mine, George D. Colburn, Chauncey Ogdenhorpe, his partner, second son of Lord Doncaster, Joseph M. Goldsmith, Mrs. George Jones, an auditor of railroads, Lillian Louche, Sierra Bonanza, her niece, a prairie rose, Azalea Fretz, Lady Genevieve Lamphorne, an English princess, daughter of the Earl of Darnmouth, Martha Stuffer.

The class will be Jasper C. Franz was also a number of merit and class excellently prepared. It was given delivered better; vocal, solo, Azalea Fretz; Reminiscences, J. Alvin Bailey; presentation, Charles De Vaux; "As Others See Us," Lottie Anderson; prophecy, Lillian Louche; instrumental solo, Rosaline Kobacker.

## GREEN ROOM CHAT.

Keyes Sisters Stock Company.  
What might be called the successful rural comedy ever attempted by a stock company "Devil's Lane" was presented last night at the Solson by the Keyes Sisters Stock Company. The play afforded a fine evening plot with extremely funny situations to do with a feud between two neighbors on property rights and boundary lines of a small village in York State. The star parts were in the hands of Dot and Helen Keyes, the characters that the Ellmore Sisters made famous. Chester A. Keyes assumed the country role and made a good impression. Milton Byron and George Woods were seen to good advantage.

The vaudeville specialties were of a novel and amusing kind. Tonight the same bill will be played. Tomorrow matinee and night also Thursday a play dealing with life in the slum district of San Francisco entitled "The Lights of Frisco" will be presented.

## TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with lustrous glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp and that permanent cure of dandruff and its consequent falling hair and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause and you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed; Graham & Co., Special Agents.

## DEBRIS COVERS FIRE VICTIMS.

Thirty-Five Persons Are Trapped in Montreal Blaze.

### NEWSPAPER BUILDING FALLS

Heaviest Loss of Life Was in the Bindery and Composing Room—Disaster Due to Water Tank Failing Through the Roof.

Montreal, Quebec, June 14.—A gigantic water tank too heavy for the structure to hold, crashed through the roof of the five-story building of the Montreal Herald in Victoria square, taking along with it floor after floor to the basement.

There were about 375 people at work in the building at the time and it is estimated that thirty-five in all were carried down by the machinery which now lies a smoldering mass in the basement. Four have been extracted, more or less severely injured, but a number are still buried and hope of their survival is very slight.

When the victims were swept downward through the building by the huge water tank almost instantly there was an explosion of gas from several pipes which hung about the sides of the immense jagged hole.

Blindery girls and linotype men fell through the huge gap in the floors of the building and were quickly buried under machinery and timbers. Phyllis Gaudin, taken out in a critical condition, declared that most of the girls were cut off from escape when she last saw them.

Flames, fanned by a stiff wind, were seen sweeping the upper floors of the building. Scores of persons in the editorial and other departments had to fight for their lives through smoke and wreckage. The fire department, promptly on hand, could make little impression on the increasing flames. The cries of the buried victims rose over the shouts of the firemen and the crowd which quickly gathered.

Opening of Ferncliff.

We wish to announce to the public that we will open the Ferncliff Hotel for guests and summer boarders June 14th. Your and your friends' patronage is solicited. Charles S. Pew, Manager.

### It's This Way About Our Clothing for Men.

It's hard for the critical man to get points on which to put up a good argument against our clothes for men.

The man who knows, from having worn the clothing, has all the best of the argument. He knows, that it fits and wears and is stylish. He knows of the careful staying, the stitching and handwork that alone assures good, permanent results. Our clothes are built that way because our makers know we won't have any other kind.

Style is Shouting to Her Men Followers: "Wear Blue or Gray."

We Have Them, \$15.00, \$17.50, \$20.00 and up.

### Those Shoes

After the Wright-Metzler idea are making new friends for us every day. We aim to make a better shoe and sell it for the same price that you pay for ordinary leathers. Tan, patent and dull leathers in men's stylish Oxfords, with one dollar more than \$3, \$3.50 or \$4.00.

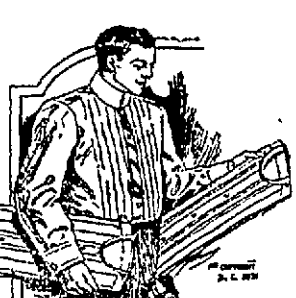

Same idea applied to Women's Oxfords. Same leathers with ankle straps. Our prices \$2.50, \$3, \$3.50, \$4. Come expecting to find exactly the pattern you need. Our fitters are experts.

### Men's Silk Half Hose

Pure silk through and through, even to the sole, and silk wools. If it's as good as this, why color you may ask for. A pretty conceit among men is the matching of scarf and hosiery.

INTERWOVEN SOCKS 25c PAIR. Are not clumsy, even if the toes and heels wear longer than any other. All colors.

### Scarfs and Soft Collar Shirts

### Exclusive Scarfs

The newest in neckwear reaches us first. We are very particular about that. The latest colorings and patterns, made up in better wearing silks in the best possible manner. The prevailing shape is a folded in four-inch hand to wear with tight front collars. Woven styles after the same idea 50c and upward.

### Our Shirts

Another unexcelled display, presenting a variety of materials and patterns to suit every man.

All the materials are carefully selected and the style and finish are the best that skilled makers can turn out. Plaited or soft bosoms, attached cuffs. \$1.00 and \$1.50.

### Soft Collar Shirts

To enjoy real comfort one must dress comfortably. The soft collar shirt for summer wear is the first step towards freedom of movement. Whether it's a game of tennis, a jaunt in the mountains or any other form of recreation that unrestricted feeling is best secured through shirt comfort; plain colors in silk-like solotette; colored stripes in silk-like solotette; colored stripes on white flannel; self figures and stripes on colored Madras. \$1.00 and up to \$2.00.
